

Upcoming Teaching and Speaking Engagements

The Society for Pudendal Neuralgia is sponsoring Elizabeth and Stephanie to teach a 2-day course, De-Mystifying Pudendal Neuralgia: A Physical Therapist's Approach, in several cities around the country. The course will focus on the evaluation and treatment of Pudendal Neuralgia. More information on these courses can be found on www.spuninfo.org.

In June, we will present a 3-hour lecture at the American Physical Therapy Association annual Conference and Exposition in Denver, Colorado.

In October, we will be lecturing at the International Pelvic Pain Society (IPPS) 13th Annual Scientific Meeting in San Diego, California. The lecture will focus on treating musculoskeletal causes of pelvic pain. Following the meeting the IPPS will sponsor Elizabeth and Stephanie to teach a 2-day course on Pudendal Neuralgia for Physical Therapists.

Elizabeth Rummer and Stephanie Prendergast

We are pleased to announce our new website! Please check it out at www.pelvicpainrehab.com

Conferences and Continuing Education

In March, Elizabeth and Stephanie will be attending the Society of Urologic Nurses and Associates Annual Symposium on Sexuality, Intimacy, and Pelvic Floor Disorders in Colorado Springs, Colorado.

We will attend the American Urogynecologic Association 28th Annual Scientific Meeting in Hollywood, Florida in September.

In October, we will take a continuing education course on gynecologic visceral manipulation in Pomona, California.

In May we will take a course on the Physical Therapy treatment of the breast cancer patient. This is a specialty we are excited to develop. We look forward to treating this patient population.

In 2007 we are confident that attending these meetings and continuing education courses will provide us with the latest research and manual techniques enabling us to offer our patients the most up-to-date and effective treatment.
